

Equipment Application Process

Renew Mobility's goal is to place mobility equipment with individuals in need who have been denied equipment through insurance or are unable to afford the out-of-pocket expenses. **We require that individuals have a healthcare provider's referral or prescription to show the need for power equipment and proof of an insurance denial.** To apply:

1. Contact your doctor or PCP's office, they may refer you to a "Mobility Evaluation" for a power wheelchair or scooter. This must be an in-person visit.

You can also reach out directly to your insurance provider about coverage, or a mobility equipment supplier such as Amigo Mobility 989-777-2060 or CareLinc Medical Equipment Referrals 616.249.2273 ext. 1031 or rehabsales@carelincmed.com. They can check directly with your insurance company to see if you are eligible for the equipment, then contact your doctor's office to start the process.

2. After the evaluation, your doctor's office should submit the evaluation to the DME supplier who will work with the insurance company to determine coverage.
3. If the request is denied, please send a copy of your provider's prescription/referral, and proof of insurance denial to heather@renewmobility.org, megan@renewmobility.org or by mail.
